**Subject:** Support our local economy

The EPA should care about our economy and jobs and the environment

I agree that cleaning up the Willamette is important but it can't be one that is so expensive and inflexible that it threatens small businesses in the Portland Harbor. The companies that work in the harbor are so, so important to our economy.

As you consider all the options, please don't support a plan that costs a lot of money and will force small companies to spend a lot on the cleanup.

Sincerely,
